

# Heavy Duty Mechanic – Construction Drilling

*Anything. Possible.*

NorLand Limited consists of 15 specialized businesses working together as one team towards common goals. We have the unique ability to undertake complex, multi-faceted public and private sector projects within a single contract. Our businesses make **Anything. Possible!**

Joining our family means bringing your diverse ideas to the table every day, rolling up your sleeves and getting the job done! You'll work with a trusting team of diverse professionals, and go home safely **every day**, passionate and proud of what you have helped to build.

**CDI**, a division of NorLand Limited is looking for a team member to fill the position of **Heavy-Duty Mechanic** reporting to the Superintendent/Journeyman located in **Duncan, BC**. The successful candidate will be responsible promoting the company's HSE policies throughout each project.

## Key Accountabilities:

- Perform work in a safe and efficient manner
- Manage and prioritize field service calls
- Demonstrate abilities to effectively trouble shoot and provide problem solving solutions
- Helps promote a work environment where the safety and health of all employees, subcontractors, and individuals on NorLand sites is paramount
- Conduct yourself at all times in professional manner, consistent with NorLand Limited's code of conduct, Shared Purpose, and Values

## Duties & Responsibilities:

- Inspecting equipment for proper performance and determining faults and malfunctions
- Adjusting equipment & repairing/replacing defective parts components or systems according to scope of work to restore equipment to original manufacture specifications
- Testing repaired equipment to ensure proper operational performance
- Commissioning and Operator Training on new equipment
- Completing accurate time records, technical reports, failure reports, and parts lists
- Staying current with industry, customer, product developments and technical best practices
- Complying with safety policies and identifying/reporting any unsafe work habits
- Maintaining hand tools and equipment to ensure safe operation
- Able to travel to out of town as required
- May be required to work outside of normal work hours to meet the needs of the project
- Travel between sites

**Qualifications:**

- Red Seal Heavy Duty Equipment Mechanic
- 3+ years' experience as a mechanic, preferably with field experience
- Experience working on earth moving equipment
- Demonstrated ability to diagnose, troubleshoot and repair mechanical and electrical issues
- Valid class 5 driver's license (at minimum) is required (The license must not include any restrictions that would affect the ability to carry out job responsibilities legally and safely. Driver's abstract will be requested.)
- Previous experience with Drilling Equipment and/or Excavators is an asset
- Experience with hydraulic systems/equipment and excellent proficiency in reading hydraulic and electrical schematics is an asset
- Honest, reliable, punctual, positive attitude and ability to work well with others is a must
- Excellent communications skills and willingness to work within a team environment
- Strong written and verbal communication skills. Basic computer skills
- Ability and willingness to work overtime as required

If you feel you are qualified for this role, please submit your resume to [recruitment@norlandlimited.com](mailto:recruitment@norlandlimited.com) quoting "Heavy Duty Mechanic" in the subject line.

*We are committed to equity, diversity and inclusion in our recruitment and hiring practices.*
